Carlos Perez

Global IT sales executive with demonstrated record of driving multimillion-dollar growth through international consulting, business development of IT solutions, business transformations, and impactful sales strategies.

Tampa, Florida, United States

Summary

Top-performing seasoned global IT professional with a successful track record in sales enablement and business development, international consulting, business operations, and deployment of global IT strategies, with many years of experience in enterprise sales and digital transformation for large organizations worldwide.

My core strengths include:
► Customer Relationships: passion for developing long-term relationships to identify and execute strategic transformation initiatives that drive measurable business value for large organizations worldwide.
► Go-to-Market Strategy: recognized SME with the proven ability to generate international revenue and increase market share by establishing, leading, and executing a global go-to-market sales strategy.
► Innovative Thinking: creative self-starter who knows how to analyze data, identify trends, and manage multiple projects.
► Cross-Functional Leadership: skilled at building, developing, and contributing to high-performance teams, both direct/matrixed, project/long term, and leading global cross-functional teams as the result of cross-cultural experiences doing business abroad.
► Executive Advisement: trusted advisor and consultant to global financial institutions; provides strategic guidance on international expansion, business transformations, and global IT infrastructure blueprints.
► Deal Making: effective communicator and C-suite partner who serves as a “global hunter” to seek out new opportunities, identify specific projects, and close sizable deals.
► Industry Expertise: highly skilled in IT services, client relationship management, enterprise sales, and service delivery, upsell and cross-sell opportunities, systems implementation, cloud migrations,

global deployment, change management, cultural integration, communications, business case development, cross-border global business, and project management.

Connect with me to network with an accomplished global sales executive who leverages robust international experience and an expansive professional network to design advanced solutions that enable clients to achieve their strategic business goals.

Experience

Kyndryl

Partner Sales WW. International Business and Offshore CoC

September 2021 - December 2023 (2 years 4 months)

• Leading international deals in countries where Kyndryl doesn't have any legal entities.

• I built a solid pipeline of international deals to successfully deliver a defined engagement plan for targeted clients. Won over 60 international deals according to plan representing $2.46B+ in revenues for Kyndryl WW. I consistently achieved my plan in every quarter.

• Engaged with clients to craft the proper international deal and addressed any exposures with OFFSHORE countries and orchestrated the appropriate legal/tax/delivery/trade/pricing, and compliance, to be in a position to sign international contracts by keeping Kyndryl safe, compliant, and with no risk.

• Remotely delivered cross-border services from onshore countries and delivery centers WW and also partnered with service providers to deliver services in those OFFSHORE countries.

• Crafted and managed the engagement sales process for international deals providing guidelines to pursue complex cross-border international deals in OFFSHORE countries.

• Orchestrated the implementation of Kyndryl's 4 OFFSHORE seller centers (US, The Netherlands, UAE, Singapore) and lead a team of subject matter experts from critical functional areas to pursue international deals.

• Coordinated the Novation of international contracts from IBM to Kyndryl that contained OFFSHORE countries to secure proper delivery.

IBM

26 years 3 months

Business Development Executive – GTS Financial Services Industry, North America

January 2020 - September 2021 (1 year 9 months)

• Consistently bring $15-50M+ international revenue by pursuing new innovative technology solutions and services that leverage IBM's capabilities ie. Cloud, Analytics, Cognitive (AI), Mobile, Security, and industry solutions.

• Generated new wins and increased revenue by 34% and delivered 115%+ revenue targets YTY.

• Led the IT transformation deal of a global insurance client that increased the efficiency of their business models from 46% to 61% and reduced their expenses ratio by 35%.

International Business Development Executive for Financial Services Industry Worldwide.

January 2018 - January 2020 (2 years 1 month)

• Implemented global sales strategies and closing sales for banking and insurance clients by identifying opportunities, progressing through the pipeline, and driving global engagements from solution to deployment.

• Led proposals/deals valued at $10-$50M for large global clients by delivering an enterprise global infrastructure.

Global Business Development Executive for Insurance Worldwide

January 2014 - January 2018 (4 years 1 month)

• Increased sales pipeline 3x through creation and execution of relationship-based global sales strategy.

• Led strategic engagements for global clients to determine the direction for transforming their business processes and IT, including core insurance systems.

• Spearheaded the development of the transformational strategy for a global client, which included process improvements and re-engineering of key lines of business and a global IT architecture that enabled process change.

International Sales Executive for Finance Sector Americas

January 2011 - January 2014 (3 years 1 month)

• Increased average YTY international sales growth from 2% to 20%+; improving customer satisfaction by 2+ points. Created a go-to-market sales strategy to grow C-level relationships, market share, and customer satisfaction. Managed multi-brand solutions (HW, SW, and services) sales teams worldwide.

• Consulted with a global bank's senior management team to develop a global strategy. Constructed the roadmap and architectured an enterprise-wide global IT transformation that resulted in the sale of services for $80M.
• Increased new signings by 12% average YTY. Overachieved revenue targets with 112% YTY performance.

International Sales Executive for Coca-Cola Latin America and the South of Europe region.

January 2009 - January 2011 (2 years 1 month)

• Led sales teams across LA for the Coca-Cola company and blotters.
• Head of the proposal team for the biggest SAP implementation in the world for Coca-Cola FEMSA in Mexico.
• Created a go-to-market sales strategy to grow our C-level relationships, market share, customer satisfaction, and sales coverage for the LA, South, and Europe.
• Managed multi-brand solutions (HW, SW, and services) sales teams worldwide.
• Negotiated between IBM countries and clients on complex cross-border agreements.
• Recognized as Subject Matter Expert for international deals. Increased average YTY international sales growth by 16%. Achieved sales targets every year.

International Sales Executive for Finance Sector Americas, and South of Europe region.

March 1997 - January 2009 (11 years 11 months)

• Drove innovative solutions and services within CAMSS (cloud, analytics, mobile, social, and security) that increased international revenue by 16% and global market share.
• Maintained the highest international customer satisfaction in assigned territories. Designed and implemented several projects, i.e. International Sales Roadmaps that resulted in $2.1M in additional revenue, and $800k in cost savings.
• Drove strategic Business/IT initiatives from innovation to turn-key implementation with a strong focus on financial efficiency anchored to IT capabilities that positioned IBM to become the client's premier global technology partner.

International Consultant for Banking, Finance & Securities Industry, and Comm Sectors

July 1995 - March 1997 (1 year 9 months)

• Led and participated in multiple proposal/project efforts for global financial institutions to build a common infrastructure globally. Each multi-year proposal was valued from $30 to $500M in revenue, globally.
• Performed consulting engagements for IT services, industry solutions, and offerings, global application rollouts, data center consolidations, resiliency services, and systems integration deals.
• Managed the design of the SAP R/3 IT architecture to implement IBM's WW Customer Master Lead Client project.

Seer Technologies, Inc
International Management Consultant
November 1992 - July 1995 (2 years 9 months)
New York

• Lead consultant responsible for the development and implementation of large, Client-Server, CASE-based solutions primarily for global financial institutions.
• Developed and managed end-to-end, from strategy to system implementation projects for Fortune 200 European, Asian, and American-based global financial institutions.
• Led the design, development, and implementation of customized retail banking and CRM systems solutions resulting in increased revenue and/or decreased operating cost for large global banks.

Ernst & Young, Italy
Business Analyst Consultant
July 1985 - November 1992 (7 years 5 months)

• Successfully developed a customer information banking system for a global Italian retail bank.
• Led the design and implementation of a complex Client-Server solution for a global bank, including portal, knowledge repository, supporting processes, and organization design, resulting in decreasing operating costs by 17%.
